WHEN GOD BREAKS HIS PROMISE

Author and speaker, Micca Campbell, helps women find hope when God doesn't make sense.

One of the worst fears a woman can face is the loss of her spouse. At the age of 21, Micca Campbell experienced this nightmare when she lost her husband in a tragic explosion. Caring for a 1-year old infant son alone left Micca confused and crushed by grief. Growing up in church, Micca was taught to trust in God's care. Now, she found herself questioning God, "Why have you broken your promise? The Bible says you would always take care of me." Her pain felt like it would never go away.

Like Micca, many women question God's claim to be our provider and protector. According to the *Journal of Clinical Psychiatry*, nearly 40 million American's will suffer with fear and hopelessness due to false impressions about God in troublesome times. In addition, depression caused by unresolved fear, anxiety, and anger is expected to become America's #1 disability in 2010. Does this mean God has closed the door on His promises?
